

We'll win it!

Dear guests,

all bookings we confirmed this year are Corona Virus – Risk Free.

We are stronger!

We expect and believe that as a human species, we are more powerful and intelligent than a virus and we will find a way to deal with it.

Of course everyone has to do their part.

Let's stay calm and smart

let's listen to the health professionals,

let's stay at home

*think about thorough hand washing and
we keep the prescribed distance.*

So we can stop the virus together.

We have time now.

Time to sit down, be together and have a cup of tea together.

Think in peace, call friends you haven't heard from in a long time.

Support each other, read the book you have wanted to read for so long.

We can finally rest a little.

*We have many things; Electricity, water, internet, something to eat,
intelligence and one another.*

Let us believe in a positive solution to this situation.

We will adapt and win at all levels -

*on the health, economic, political and human levels - we have the solution. We
have it in our hands.*

As a camp that respects and appreciates its guests, we offer maximum flexibility.
