How to be careful and responsible and thus stay **safe and healthy** while enjoying camping this year?

2. **Spend time and relax on your parcel** and do not forget about 2 meters of social distancing; thus, there should not be any risk or possibility of infection
3. **Find your spot on the beach**, where you will feel good and safe: in Lovište people bathe along the coast, and there is more than one beach; therefore, we ask you to observe the recommended safety distance of 2 m
4. **Always keep 2 meters distance from other people** you do not know and do not forget: even though we are physically separated, we can still be close in our hearts
